

Get Smart.

Make Data-Driven Decisions with SkyTab Business Intelligence.

Let data be your guide to making the right decisions for your business and get a leg up on the competition — whether you're running a single restaurant or a national chain.

DATA AT YOUR FINGERTIPS

Create custom dashboards or take advantage of our predefined options so the most important information is easily accessible.

GET IN THE WEEDS

Use granular filtering options to drill down into specific areas of your operations and organize your data so that it's actionable for your business.

UNPARALLELED VISIBILITY

See an overview of your entire enterprise or view data for individual locations and compare multi-location reports side by side in real time.

"I've never seen a POS company create this level of reporting and analysis; historically we have always had to go to a third-party vendor to get this type of information."
